Document ID	DR-005	Deal Status	Closed and integrated under common ownership
Acquirer	Aster Capital Technologies Inc.	Target	Northstar Process Automation Pvt. Ltd.
Owner	Financial Diligence	Sensitivity	Confidential - Synthetic
Date	2026-01-20	Close Date	2026-03-31

Quality of Earnings Summary

Financial diligence adjusted Northstar's FY2025 reported EBITDA of INR 69.4 crore to normalized EBITDA of INR 62.1 crore. The main negative adjustment relates to non-recurring revenue recognized from a delayed implementation milestone. The main positive adjustment relates to founder compensation above market benchmark.

Adjustment Schedule

Adjustment	INR Cr	Direction	Rationale
Reported EBITDA	69.4	Base	Per management accounts
Non-recurring milestone catch-up	(9.8)	Negative	Revenue relates to FY2024 implementation delay
Founder compensation add-back	2.1	Positive	Above-market compensation eliminated post-close
One-time legal settlement	1.7	Positive	Historic customer dispute settled before close
Cloud migration cost	(1.3)	Negative	Recurring infrastructure cost incorrectly capitalized
Normalized EBITDA	62.1	Output	Used for valuation and LBO model

Diligence Conclusion

The EBITDA adjustment reduced the valuation basis by 10.5 percent. The valuation committee applied the acquisition multiple to normalized EBITDA only and requested a USD 2.0 million specific indemnity for customer receivable collectability.

Schedule 3.6 - Undisclosed Liabilities

Northstar disclosed an unpaid service tax assessment of INR 1.9 crore relating to FY2022. Management believes the assessment is contestable, but a tax escrow was agreed because final resolution may extend beyond 24 months.

Schedule 3.11 - Material Contracts

Contract	Counterparty	Issue	Required Action
Master Services Agreement	Meridian Cooperative Bank	Change-of-control consent	Consent required before closing or USD 2.0M holdback
Cloud Hosting Agreement	Nimbus Cloud Services	Termination for convenience on 60 days notice	Renegotiate term post-close
Implementation Partner Agreement	Saffron Systems LLP	Most-favored pricing clause	Legal review after pricing harmonization
Senior Loan Agreement	Eastern Commercial Bank	Debt repayment at close	Payoff letter delivered at closing

Schedule 3.14 - Intellectual Property

Two contractors who contributed to the document parsing module executed invention assignment agreements after development work began. Counsel recommended a confirmatory assignment before closing and a special indemnity for pre-close IP ownership claims.

Schedule 3.17 - Employment

Three senior engineers have 90-day notice periods and retention bonuses triggered by change of control. One product director has a non-compete covenant that may be unenforceable under applicable local law.

SOC 2 remediation incomplete	Cyber / Compliance	Medium	Post-close 9 months	Cyber holdback and remediation plan
Key engineer retention risk	HR	High	At close	Retention pool and accelerated onboarding

Board-Ready Explainability Card Example

Finding: Meridian Cooperative Bank accounted for 17 percent of FY2025 revenue and has a consent right triggered by change of control. Impact: Loss of the contract would reduce FY2026 revenue by approximately INR 56 crore and reduce normalized EBITDA by approximately INR 13 crore. Recommendation: Require consent before close or hold back USD 2.0 million for 12 months.

Contract Summary

Meridian Cooperative Bank entered into a three-year master services agreement with Northstar for loan operations automation, KYC workflow queues, implementation support, and ongoing platform maintenance.

Commercial Terms

Term	Value
Annual recurring subscription	INR 32.0 crore
Implementation services	INR 9.5 crore over first 12 months
Renewal	Automatic one-year renewals unless either party gives 90 days notice
Service credits	Up to 8 percent of annual subscription fees for SLA failure

Change-of-Control Clause

Customer may terminate this Agreement without penalty upon written notice if Northstar undergoes a change of control and the acquiring party is a direct competitor of Customer or materially changes the data hosting location. Customer consent shall not be unreasonably withheld if the acquiring party maintains equivalent security controls and service levels.

Data Security Clause

Northstar shall maintain ISO 27001 certification or equivalent controls, conduct annual penetration testing, encrypt customer data at rest and in transit, and notify Customer of any material security incident within 48 hours.

Date	2023-09-18	Close Date	2026-03-31

Agreement Overview

Nimbus Cloud Services provides hosting, managed Kubernetes clusters, storage, monitoring, and disaster recovery services to Northstar. The agreement runs through 2027 but includes termination and pricing provisions that require integration planning.

Critical Clauses

Clause	Text Summary	Risk
Termination for convenience	Nimbus may terminate non-production environments on 60 days notice after a control transaction.	Migration pressure post-close
Most-favored pricing	If Northstar receives better pricing from another hyperscale provider, Nimbus may match pricing before migration.	May delay procurement synergy
Data residency	Production data for India banking customers must remain in India data centers.	Limits cloud consolidation
Assignment	Assignment requires notice but not prior consent unless service levels materially change.	Manageable

Recommended Deal Response

Integration team should complete an architecture assessment within 30 days after close and negotiate a 12-month transition services extension before moving customer workloads to Aster's standard infrastructure.

Meera Iyer	VP Engineering	High	USD 420K over 24 months
Karan Bhat	Head of Customer Success	Medium	USD 180K over 18 months
Sonal Kapoor	Finance Controller	Medium	USD 110K over 12 months

Change-of-Control Benefits

The CTO and VP Engineering each receive accelerated vesting of 50 percent of unvested phantom equity if employment is terminated without cause within 12 months after close. Retention agreements replace phantom equity with cash retention and rollover equity.

Non-Compete and Non-Solicitation

Senior management agreements include a 12-month non-solicitation covenant covering customers and employees. Non-compete restrictions are subject to enforceability review and should not be relied upon as the primary retention mechanism.

PMI Note

The top integration risk is engineering retention. Product roadmap continuity depends on retaining at least 80 percent of the workflow automation engineering team through day 180.

Anti-Bribery and Sanctions

No sanctions matches were identified for the company, directors, or known beneficial owners based on seller-provided screening. Northstar has public-sector customer interactions but no government revenue exceeded 5 percent of FY2025 revenue. Gift and entertainment logs were incomplete for two quarters and must be remediated within 90 days after close.

Data Privacy

Northstar processes loan applicant data for bank customers. Management represented that it does not sell personal data. Diligence identified inconsistent data retention schedules across two products. Integration plan requires a unified retention policy and customer notice templates by day 60.
