Business Overview

Aster Capital Technologies Inc. is a Delaware corporation providing workflow software, analytics dashboards, and AI-assisted compliance tooling for mid-market financial institutions. The company operates from New York, London, Bengaluru, and Singapore. Aster pursued Northstar to expand automation capabilities in loan operations, vendor onboarding, and regulatory workflow orchestration.

Strategic Rationale

Rationale	Details	Expected Impact
Product adjacency	Northstar adds robotic process automation modules for loan onboarding and reconciliation.	Accelerates roadmap by 18 months
India engineering base	Target has 142 engineers in Bengaluru and Pune with automation domain knowledge.	Reduces build cost and increases delivery velocity
Customer cross-sell	Aster can sell Northstar workflow modules into 94 banking customers.	USD 9.4M revenue synergy by year 3
Margin expansion	Consolidated cloud infrastructure and vendor procurement.	USD 3.1M annual cost synergy by year 2

Management Team
